

Appendix 21 – January-June 2007 report

List of the students involved in the project

- Ashish Kumar – Postdoctoral Research Associate of the University Grants Commission, New Delhi – ‘Effect of Jhum on key ecological functions of selected invertebrate taxa in the north-east India’.
- Kritika Singh – Postdoctoral Research Associate of Council of Scientific and Industrial Research, New Delhi – ‘Effect of agroforestry trees on crop productivity and soil fertility in the Himalaya’.
- Deepak Kumar Choudhary – Doctoral fellow of Indian Council of Medical Research, New Delhi – ‘Litter decomposition in relation to soil fauna in Garhwal Himalaya’.
- Shivaji Bagar – Doctoral fellow of Jawaharlal Nehru University, New Delhi – ‘Ecological dimensions of natural resource management in Nanda Devi Biosphere Reserve’.
- J.S. Chandrashekar, Doctoral fellow of University Grants Commission, New Delhi – ‘Impacts of land use on soil fertility – a case study in Garhwal Himalaya’.
- Jagdamba Prasad – Doctoral Fellow of Council of Scientific and Industrial Research, New Delhi. – ‘Soil macro invertebrate communities in a mid altitude village landscape of western Himalaya’.
- Abhishek Chandra – Doctoral student – ‘Agrobiodiversity management in Garhwal Himalaya’.
- M.A. Khan, Doctoral fellow of Council of Scientific and Industrial Research, New Delhi. – ‘Micorrhizal community in relation to land use land cover changes in a village landscape’.
- Balkrishna Choudhary – Junior Research Fellow of University Grants Commission, New Delhi. – ‘Impact of land use intensification on soil organic carbon and nutrient pools – a case study in Dhaulagi village, Tehri Garhwal’.
- S. Raghavendra Kumar – Junior Research Fellow (TSBF programme) – VAM & Rhizobium
- E.C. Baiju – Junior Research Fellow (TSBF programme) – Land use and landscape dynamics in a micro-watershed of Chaliyar river in Kerala part of Nilgiri Biosphere Reserve
- P. Mujeeb Rahman – Junior Research Fellow (TSBF programme) – Soil macrofaunal diversity in different landscape units of Kerala part of Nilgiri Biosphere Reserve.
- R. Sabu – Junior Research Fellow (TSBF programme) – Soil physico Chemical characteristics
- V.M. Nishad – AM Fungi/Mycorrhiza
